

EXHIBITOR PRESENTATION SCHEDULE - TUESDAY, APRIL 20, 2010

	TRACK A	TRACK B	TRACK C	TRACK D
1 12:30pm 1:05pm	Greenerd Press & Machine Professional Forging With A Hydraulic Press	GERB Vibration Got Water? Soil Settlement? Interpreting Geotechnical/Soil Reports	Schmolz + Bickenbach Hot Work Tool Steel With Improved Properties For Impression Die Forging	CONDAT Corporation Mastering Tool Lubrication For The Hot Forging Of Steels
2 1:15pm 1:50pm	Forging Defense Manufacturing Consortium FDMC Program Updates	Metalworking Consultants Group, LLC Outsourcing Engineering Services From Concept to Production Launch	Universal Stainless & Alloy Products Specialty Steel Producer Serving The Aerospace & Power Generation Markets	Infosight Corporation Barcoding in Harsh Environments
3 2:00pm 2:35pm	LASCO Engineering Automation Systems For Lean Job Shops	Forge Technology/Quantor Form QForm3D-Advanced, Affordable & Easy To Use Forging Simulation Software	Dango & Dienthal Inc. One of America's Strongest Manipulators	Hauhinco Hydraulic Control For Forging Presses
4 2:45pm 3:20pm	FICEP S.p.A. Screw Press & Shears	Enrotech Mechanical Services Repair Versus Remanufacture	GLAMA Maschinenbau GmbH Chargers, Manipulators & Robots For The Forging Industry	Angstrom Corporation Press Tonnage Monitoring With Plant Wide Data Acquisition For Open & Closed Die Forging Processes
5 3:30pm 4:05pm	Ellwood Specialty Steel ExEll ForgeDie™ -An Improved Forging Die Steel	COR-MET Selecting Weld Alloys For Forge Die Repair	Erie Press Systems Quick Die Change & Controls and Your Bottom Line	

**EXHIBITOR PRESENTATION SCHEDULE
WEDNESDAY, APRIL 21, 2010**

	TRACK A	TRACK B	TRACK C	TRACK D
5 9:00am 9:35am	Ajax - CECO What's Next For a New Decade	Fives North American Combustion CO2 Reduction Using Regenerative Technology	SMS Meer Wagner Newest Technology For Wind Power Industry Rolled Rings	Valbruna Slater Stainless The Most Common Failures of Hot Forging Process of Stainless Steel and Ni-Alloys
6 09:45am 10:20am	Girard Engineering, Inc. Robotic Automation For The Forging Industry	Inductoheat, Inc. Advanced Temperature Control For Induction Billet Heating	Erie Press Systems Cost Reduction Opportunities for Today's Forge Shop	A. Finkl & Sons Wear In Hot Forging Dies-Use Of The Larsen-Miller Parameter
7 10:50am 11:25am	SMS Meer Service Inc. Screw Press Versus Eccentric Press	Inter-Power Corporation Zone Control Technology For Induction Heating In Forging Second Generation	Campbell Press Repair Forging Hammer Repair and Refurbishment	Vibro/Dynamics Vibration & Shock Isolation For Forging Presses & Hammers
Lunch	LUNCH			
8 1:45pm 2:20pm	Hatebur Metalforming Equipment Forging In Today's Market	COR-MET INC. Forge Die Weld Training Program	Scientific Forming Technologies The "State-Of-The-Art" In Forging & Heat Treatment Process Simulation	Lazar Sales/Bemcor Electric Upsetter
9 2:30pm 3:05pm	LASCO Engineering Reducing Energy Consumption With Hydraulic Driven Hammers	ABP Induction, LLC Zone Control Utilizing IGBT Modules	Campbell Press Repair Preventative Maintenance Techniques To Avoid Costly Forging Equipment Repairs	Fontijne Grotnes, Inc Expansion Of Seamless Rolled Rings
10 3:20pm 4:00pm	Schuler-Mueller Weingarten Forging Railway Wheels	Bloom Engineering Current Combustion Technology For Optimization Of Fuel Efficiency & Temperature Uniformity In Forge Furnaces	Eaton Steel Bar Newest Generation Robotic Saw & Shear Cutting Cells To Eliminate Forgers 1st Operations & Costs	Henkel Corporation Incorporating Sustainability into Your Forging Operations
11 4:10pm 4:45pm	Schuler-Mueller Weingarten Large Screw Presses	Ajax-TOCCO Magnethermic Realistic Control Of Induction Systems For Forging Applications	Hausermann Die & Machine An Independent Die Source Can Be a Forger's Best Resource For Concurrent Die Manufacture	Fuchs Lubricants Co./LUBRODAL Div. Synthetic Lubricant Advancements

**EXHIBITOR PRESENTATION SCHEDULE
THURSDAY, APRIL 22, 2010**

	TRACK A	TRACK B	TRACK C	TRACK D
12 9:00am 9:35am	Praxair, Inc. Dilute Oxygen Combustion (DOC) Burners For Reheat Furnaces	Girard Engineering, Inc. "Lubrication"	Anyang Forging Press Machinery Manufacture High Quality Forging Equipment, Supply Service For The Development of Forging Companies	Haas Saw & Supply Endurance Saw Blades - Just Keep Cutting
13 09:45am 10:20am	Simufact-Americas LLC Simulation Based Tool Design For The Forging Industry, Using 3D Simulations	Superbolt, Inc. The Simple Solution To Bolting Problems	Tecnogamma - Mermec Group Dimensional Measurement System on Large Open Die Forgings	Presstec New Hydraulic Forging Presses Series Up to 80 MN
14 10:50am 11:25am	GERLIEVA Spruhtechnik GmbH An Overview Of The Critical Factors That Affect Die Lubrication Systems, Media Mixing, Delivery of Lube Media, Valve Technology, Spray Nozzle Technology And Die Temperature.	Technology Management Services/Transvalor Total Forging Simulation - New Features	Maestri/Hydromec Automated Heating For Forging And Inline Heat Treatment Of Critical Aluminum Parts	Pemco International Pemforge Glass Coating Solutions, Insulating and Lubrication Systems Tailor-Made For Forging
