Dear (colleagues name here),

I have found value in my membership at the Forging Industry Association that I wanted to extend a personal invitation to you. (FIA) has a Member Referral program and I thought you could benefit as a member, just like me.

FIA is the only forging association that represents all North America. FIA offers two types of company memberships, one for forging producers and the other for suppliers to the forging industry.

I've linked some resources I feel will be an asset to you and your company, including some upcoming networking and professional development opportunities, exclusive online resources, conferences, and educational benefits.

- [Forging University 24/7 Online Training Center](#)
- [Current List of Engaged Members](#)
- [What Other FIA Members Are Saying](#)
- [FIA Magazine - The ONLY Forging Magazine](#)

For additional information, please contact me directly. I'd be happy to share more specifics with you about how FIA membership has been well worth the investment. Or feel free to contact FIA's Membership Manager, Tricia Abruzzino. She can share some additional insights on money saving programs and discuss in further detail the community of members that support the Association and how you can join them.

Thank you,
