## NEW REQUEST FOR QUOTATION SERVICE OFFERED BY FORGING INDUSTRY ASSOCIATION

CLEVELAND, OHIO -- Here is a free, simple and fast method for design engineers, component specifiers or purchasing professionals to receive bids from Forging Industry Association (FIA) producer members to manufacture forged metal components. Simply answer a few short questions about your component requirements, click *submit*, and FIA Member companies subscribing to receive RFQs will instantly and automatically be e-mailed your RFQ. Those forging companies interested and capable of producing your part will then contact you directly.

Unlike so many other quotation sites now on the Internet, FIA's RFQ service is truly user friendly with no strings attached... no obligations, no fees, no auctions, no contracts, no commissions, no hassle!

To post an RFQ or to view the RFQ section, visit [www.forging.org](http://www.forging.org), click on the "Request for Quote" button on the blue navigation bar, and click on "Submit/Receive RFQs" .

###

*FORGING INDUSTRY ASSOCIATION, with headquarters in Cleveland, Ohio, is comprised of over 150 North American producers of forged metal components, accounting for about 64% of the custom forging volume produced annually. Forged metal parts are pressed, pounded or rolled into countless configurations, and used for critical applications in the aerospace, automotive, construction, materials handling, ordnance, hand tool, agricultural and industrial equipment industries -- to name a few! Some 85 firms supplying equipment, materials or technical services to the forging industry are also members of FIA. The Association, with its predecessor organizations, has served the metal forging industry since 1913.*

*For more information on metal forging processes, the forging industry or FIA member companies, visit the forging industry website at [www.forging.org](http://www.forging.org).*
