Forging Industry Educational and Research Foundation Announces Scholarship Recipients

Cleveland, Ohio -- Forging Industry Educational and Research Foundation (FIERF) has awarded seventeen $3000 Finkl Scholarships to university electrical, industrial, materials, mechanical and metallurgy engineering students enrolling in their junior year this fall. In the third year of the program, over fifty students have received support for their education.

The scholarships are named in memory of Charles W. Finkl's years of commitment and contributions to education and the forging industry that included over twenty-five years of service on the FIERF Board of Trustees, twice serving as president.

Scholarships were awarded to:

Angeline Blum, Colorado School of Mines
Scott Bold, Pennsylvania State University
Kevin Cloet, McMaster University
Jeremy Elek, Cleveland State University
Charles Fisher, Iowa State University
John Fitzpatrick, Marquette University
Joshua Hurst, Michigan Technological University
Elizabeth Jeffries, Colorado School of Mines
Andrew Joda, Michigan Technological University
Lauren Mallisk, Cleveland State University
Alan Manz, University of Toledo
David Poerschke, Case Western Reserve University
Kyle Rackers, University of Missouri – Rolla
Stefan Revielle, Colorado School of Mines
Karl Rinke, Michigan Technological University
Matthew Weil, Grove City College
Troy Widener, Colorado School of Mines

More information on the scholarships is available at www.forging.org by selecting “Scholarships”.
